## Youth Week 2018

---

Bayside Council is once again supporting Youth Week with a range of free events and activities to give local young people an opportunity to express themselves.

Bayside Council's Youth Week program features a live music concert, public speaking workshops, basketball clinics, a graphic novel fair and a virtual reality 3D painting workshop.

"Our National Youth Week program is a great opportunity for young people to express their ideas on issues that affect their lives while enjoying a number of activities," Mayor Bill Saravinovski said.

"Council also provides many opportunities throughout the year for young people."

Youth drop-in sessions provide a safe space for activities where young people can engage with other youth service providers

- Eastlakes Community Centre, Tuesday and Friday from 4.00pm-7.00pm
- Hillsdale Community Centre, Thursday from 4.00-7.00pm

More information on Council's services for young people can be found on Council's website.

Bayside Council's Youth Week Program is attached.
