Bill Shorten at Bayside Council's Seniors Garden Party

Labor Leader Bill Shorten made a surprise visit to this year's Seniors Garden Party in Sir Joseph Banks Park on Sunday 6 May.

"This is a great event organised by Bayside Council. All Council's should put on an event as good as this for senior citizens," said Bill Shorten addressing the crowd.

The Seniors Garden Party is one of Council's most popular events and this year over 800 senior residents turned out for a morning of food, friendship and familiar music.

"This event, recognising the contribution our senior residents make to our community, gets better every year," Mayor Saravinovski said.

This Seniors Garden Party which started with about 300 guests in Mascot Memorial Park later moved to Sir Joseph Banks to cater for the increased interest from seniors. It remains a highlight on Council's event calendar.
