New Prestigious Bayside Business of the Year Awards

Nominations for the inaugural Bayside Business Awards are now open.

“It takes hard work and persistence to run a business and our business owners are passionate about what they do and the benefits they bring to Bayside,” Mayor Bill Saravinovski said.

“I am excited by the response of local business who have embraced these Awards with enthusiasm. The Awards are our way of encouraging our local business community to keep striving and being innovative because they are the backbone of our community providing much valued jobs and services.”

Council has partnered with the Bayside Business Enterprise Centre (BBEC) to recognise local businesses that have excelled in their field and made a positive contribution towards making Bayside a dynamic and economically vibrant place to live, work and shop.

To ensure the awards process is delivered credibly and transparently Council has engaged ACA Research to accept the Award nominations and conduct the judging process.

All businesses large and small across the LGA are encouraged to get behind the inaugural Bayside Business Awards and enter. It is pretty simple you just have to answer a few questions and ACA will do the rest.

Nominations close at 8am on Monday 6 August 2018.

You can complete the Nomination Form online. Alternatively you can download the Guidelines and Nomination Form as PDF files.
