

Combined Development Application Form, Construction Certificate Form, and Contract for Certification Work

Document Number: 19/14978 / TRIM F18/596

PART 1 – PURPOSE OF THIS FORM

If your proposal involves building work and you have prepared building plans and specifications, you may apply for a Construction Certificate with Council at the same time, so that the DA and Construction Certificate may be issued at the same time.

In order to ensure a speedy and efficient assessment of your application, **we strongly recommend that you consult with a Council Officer before lodging this application to determine your proposals specific requirements.** The Development Advisory Officers at Council's Customer Service Centre can advise you on relevant planning and building controls and provide preliminary advice on your proposal. These staff are available in person by calling into either of the Rockdale or Eastgardens Centres or by phone on 1300 581 299.

Exempt or Complying Development

Some minor proposals may fall within Exempt or Complying Development guidelines and will not require a development application or construction certificate. Please ask our Development Advisory Officers for further advice.

How to lodge this application

This application, once complete, can be lodged at either of Council's Rockdale or Eastgardens Customer Service Centres on any business day from 8.30am up to 4pm and 9am up to 12.30pm on Saturdays (except public holidays). Note that it is recommended that you come into the Centre at least one hour prior to close of lodgement, to provide adequate time to check through your submission.

Your application can also be submitted via post (do not send cash as payment when submitting via post). Please ensure that all the necessary information as identified in the Development Application Checklist is submitted. Note that if your application is incomplete, it will not be accepted and will be returned to you with your payment, with an outline of additional information that is required.

Notes for completing a Construction Certificate Application

Note 1 - Information required to be provided

The following information must accompany applications for construction certificates for building and subdivision work.

Building Work

- Copies of compliance certificates (or other documentary evidence) relied upon
- Copy of detailed plans and specifications. The plan for the building must be drawn to a suitable scale and consist of a general plan and a block plan. The general plan of the building is to:
 - ♦ Show a plan of each floor section;
 - ♦ Show a plan of each elevation of the building;
 - ♦ Show the levels of the lowest floor and of any yard or unbuilt on area belonging to that floor and the levels of the adjacent ground; and
 - ♦ Indicate the height, design, construction and provision for fire safety and fire resistance (if any).

Where the proposed building work involves any alteration or addition to, or rebuilding of, an existing building the general plan is to be coloured or otherwise marked to the satisfaction of the certifying authority to adequately distinguish the proposed alteration, addition or rebuilding.

Where the proposed building work involves a modification to previously approved plans and specifications the general plans must be coloured or otherwise marked to the satisfaction of the certifying authority to adequately distinguish the modification.

The specification is:

- ♦ To describe the construction and materials of which the building is to be built and the method of drainage, sewerage and water supply; and
- ♦ State whether the materials proposed to be used are new or second hand and give particulars of any second-hand materials to be used.

- Copy of structural engineering plans or other technical details (ie Mechanical ventilation details, hydraulic/drainage details, timber framing and roof truss details and termite protection details etc), where applicable.
- The plans and specifications must detail compliance with the relevant provisions of the Building Code of Australia and relevant standards of construction.
- Where the application involves an alternative solution to meet the performance requirements of the BCA, the application must also be accompanied by:
 - ◆ Details of the performance requirements that the alternative solution is intended to meet, and
 - ◆ Details of the assessment methods used to establish compliance with those performance requirements.
- Evidence of any accredited component, process or design sought to be relied upon.
- Except in the case of an application for, or in respect of, a class 1a or class 10 building:
 - ◆ A list of any fire safety measures that are proposed to be implemented in the building or on the land on which the building is situated, and
 - ◆ If the application relates to a proposal to carry out any alteration or rebuilding of, or addition to, an existing building, a separate list of such of those measures as are currently implemented in the building or on the land on which the building is situated.

The list must describe the extent, capability and basis of design of each of the measures concerned.

Subdivision Work

- Copies of compliance certificates relied upon.
- Copies of detailed engineering plans. The detailed plans may include but are not limited to the following:

◆ earthworks	◆ road furnishings	◆ sewerage works
◆ roadworks	◆ stormwater drainage	◆ landscaping works
◆ road pavement	◆ water supply works	◆ erosion control works

Where the proposed subdivision work involves a modification to previously approved plans the plans must be coloured or otherwise marked to the satisfaction of the certifying authority to adequately distinguish the modification.

Note 2 - Home Building Act Requirements

As from 1 February 2012, all residential building works (excluding residential development of over 4 storeys) over the value of \$20,000 will need to be insured under the Act for Home Warranty Insurance.

In the case of an application for a construction certificate for residential building work (within the meaning of the Home Building Act 1989) attach the following:

- In the case of work by a licensee under that Act:
 - ◆ A statement detailing the licensee's name and contractor licence number, and
 - ◆ Documentary evidence that the licensee has complied with the applicable requirements of that Act (ie A certificate of insurance under Part 6 of the Home Building Act), or
- In the case of work done by any other person:
 - ◆ A statement detailing the person's name and owner-builder permit number, or
 - ◆ A declaration signed by the owner of the land, to the effect that the reasonable market cost of the labour and materials involved in the work is less than the amount prescribed for the purposes of the definition of owner-builder work. The prescribed amount in section 29 of the Home Building Act 1989.
 - ◆ The construction certificate application may be lodged prior to providing details of compliance with the Home Building Act insurance requirements, however, residential building works must not be commenced prior to complying with the insurance requirements and details of compliance must be submitted to the principal certifying authority and Council prior to the uplift of the Construction Certificate.
 - ◆ Insurance before handover.

Note 3 - Building Industry Long Service Levy Requirements

Under S 6.8 of the Environmental Planning and Assessment Act 1979 a construction certificate cannot be issued until any long service levy payable under section 34 of the Building and Construction Industry Long Service Levy Payments Act 1986 (or where such a levy is payable by instalments, the first instalment of the levy) has been paid. Council is authorised to accept payment. The levy rate as at (1 June 2003) is 0.35% of the total cost of the work and is payable on work costing \$25,000 or more.

PART 5 – CONTRACT FOR CERTIFICATION WORK
