## **Clean Up Australia Day**

---

Bayside Council would like to thank all the local volunteers that assisted with Clean Up Australia Day.

Volunteers and Council's Waste & Cleansing Services staff collected approximately 3,000 kg of waste and litter.

This initiative coincides with the launch of a major Council litter program that includes the installation of new beach bins, signage and education.

Council teamed up with NSW EPA to design bags and signage to encourage all to do the right thing and *Don't be a Tosser*.

Council arranged a BBQ lunch using its innovative and interactive education solar powered trailer to thank all participants.

Councillor Andrew Tsounis was also there with the local Nippers helping clean up our wonderful beach.
