DECEMBER 2019

Mayor's Message

As 2019 draws to a close I would like to wish everyone a happy and safe Christmas and New Year.

This holiday season will be a tough one for many and our thoughts and prayers go out to our firefighters and those families affected by the fires across the state.

As Australians we are a resilient nation and we support each other through tough times. I'm pleased that last week Council resolved to donate \$15,000 to our firefighters and \$10,000 to support our farmers on your behalf.

This festive season is a wonderful opportunity to spend quality time with family and friends. It is a time for celebration, forgiveness and reflection.

For Council it is an opportunity to reflect on our achievements over the past twelve months and set new goals for the year ahead.

As a community, it is a time to celebrate and thank those who selflessly volunteer their time to help others and contribute to making Bayside a great place to work, live and play.

I would like to thank my fellow Councillors for their valued support. Together we are all working hard to make a difference to our community.

On behalf of Bayside Councillors and staff, I wish you all a very Merry Christmas and may you have a happy, safe and prosperous New Year.

If you are driving on the roads please take care. Don't drink and drive.

Cr Joe Awada, Mayor

NO CRUISE SHIPS

Last Year the State Government announced it was considering building a cruise ship terminal at Yarra Bay or nearby Molineux Point, next to Port Botany.

"Council just recently completed a \$900k project to restore Ramsgate Beach. We need a solution to the negative consequences of development in Botany Bay.

Council has formally rejected the NSW Government's proposal and is encouraging residents to say no to cruise ships in Botany Bay," Mayor Joe Awada said.

A terminal for mega cruise ships would have a disastrous impact on the whole of Botany Bay. Localised roads would be jammed with buses and trucks required to service a cruise ship terminal.

Bayside ratepayers have spent enough to remedy the impact that 80 years of industry has had on the Botany Bay foreshore. Bayside residents have been paying these ongoing environmental repair costs.

Bayside Council's very strong and clear message to the State Government is: **No Cruise Ships in Botany Bay!**

KERB SIDE CLEAN UPS

Following an extensive community consultation process Council has returned to a system of four scheduled clean ups per year from January 2020. Residents should have received a 2020 Waste and Recycling Calendar including scheduled clean up dates.

An online waste calendar and waste app, available from Council's website, also helps ensure residents never miss a collection day.

Council's innovative recycling hub, where residents drop off items for recycling, was the overall winner in the Community Waste Services category at the Local Government NSW Excellence in the Environment Awards.

Residents dropped off approximately 155 tonnes (155,000 kg) during 2018/19 and 90% of this was recovered.

The program is continuously improving and expanding. Next year residents will be able to drop off a wider range of materials for recycling.

COUNCIL WINS ENVIRONMENT AWARD

Ramsgate Beach Restoration

Council has successfully completed a project to restore Ramsgate beach with sand pumped from Sandringham Bay and the beach has opened to the public in time for the summer swimming season.

The beach has been restored to its 1997 profile. Depending on wave and storm activities in Botany Bay over the coming years it is expected the beach restoration will last for at least 10 years.

Some of the new foreshore program initiatives

Smoke Free Zone Breathe Easy Trial

The Bayside foreshore is a popular destination for visitors and a suburban oasis for locals. A new smoke free trial zone is now in place from the Little Grand Parade to the Brighton Kiosk and stretches from the Grand Parade to the water.

Waste Education Don't be a Tosser

Bayside Council is providing extra rubbish bins, litter collections and beach cleans. We want to make it easy to keep our beaches, parks and foreshore reserves clean – and protect marine life.

Working Together

The Summer Rangers are back with additional Police patrols and increased Waste and Parks services. They will be roaming the foreshore, attending events and encouraging visitors to act responsibly.
