Sir Joseph Banks Park, Botany - Dog Off Leash Facility Expansion

What are we doing?

Bayside Council is carrying out upgrading works to the existing off leash dog park, off Heyden Place, Botany.

The project will include the following improvements:

- Enlarging the existing facility to the west including new fencing;
- New and improved gated entries and seating areas with larger concrete areas to reduce wear and tear;
- Improvements to the off leash area such as different surfacing to reduce wear and tear of grass, including deco granite and sand / mulch digging areas;
- There will be openings through the centre fence.

When are we doing it?

Construction will be taking place over April and May 2021, weather permitting. There may be a short period of time when the dog park is closed to allow construction work to take place.

For your safety please stay clear of all construction zones and fenced areas.
