I was curious about Church avenue where I live and near my house. I was wondering why it is called "Church" even there is no church on Church avenue. When I researched it on the internet I found an old map of the Mascot from 1888 to 1938. On the old map, I found three churches near Church avenue. I understand why now. If you compare two maps there is no airport on the old map. I found out that an airport was built in the muddy area. I was surprised some streets that I know and Church avenue have existed for over 134 years. I'm proud to live on a historical street.
