Dear [REDACTED]

Barton Park Recreational Precinct – Monthly Compliance Inspection 4

[REDACTED] was commissioned by [REDACTED] to conduct monthly site inspections to monitor the effectiveness of management and mitigation measures during the construction period of the works, in accordance with the following plans:

- Green and Golden Bell Frog Management Plan ([REDACTED])
- Weed Management Plan ([REDACTED])
- Wetland Environmental Management Plan ([REDACTED])

As such, the fourth monthly monitoring inspection was undertaken on 28 April 2023 by [REDACTED]. No Green and Golden Bell Frogs (*Litoria aurea*) (GGBF) were identified on site during the inspection and there are no reports of GGBF sightings from [REDACTED]

The next monitoring inspection is planned to be undertaken in May 2023 by an [REDACTED]. Should GGBF or any other fauna be identified onsite, [REDACTED] are to be contacted immediately for advice and assistance if required.

Regards,

Post Approval Site Lead
