Background

- A. The Developer has reached an agreement to purchase or acquire the land identified in **Schedule 2**.
- B. The LEP 2011 zones the majority of the land described as 45-47 Bonar Street (Lot 1 DP 233666 and Lot 2 DP 233666) as RE1 Public Recreation. The Bonar Street Precinct provisions of part 7.2 of the DCP identifies this land for the provision of a Central Square and Community Park. The Central Square also includes part of Lot 2310 DP 1159612, with part of this lot also being zoned as RE1 Public Recreation.
- C. The Contributions Plan identifies the acquisition and embellishment of this Community Park and the embellishment of the Central Square as items for which development contributions will be levied under the plan. It also recognises the possibility of dedication of land by developers in exchange for the transfer of development rights from the area to be dedicated to the remainder of the development site.
- D. Council has previously adopted a strategy to acquire the land for the Community Park by seeking to negotiate planning agreements with affected property owners for the dedication of this land at no cost, in exchange for a higher FSR on the remainder of their sites. This is similar to the transfer of development rights permitted in relation to the Central Square.
- E. The Developer has lodged a Development Application for the Development and has made the Planning Proposal in order to allow additional height and density for the Development Site.
- F. The Developer has offered to enter into a Planning Agreement in accordance with section 93F of the Act in connection with the Planning Proposal that will provide for the embellishment and dedication of the Central Square and Community Park to Council at no cost (area of approximately 2,194 square metres).
- G. The Developer is prepared to make Development Contributions in connection with carrying out of the Development in accordance with this Agreement.
